## **Home Buyer Decision Checklist**

The Home Buyer Checklist identifies some of the important factors a potential purchaser of a home will consider when choosing a home. In addition to an affordable sales price, buyers also want to be sure that the neighborhood and house meet the needs of their family.

Take this checklist along when you go shopping for your house on your new location. It will help you evaluate the neighborhoods and assess the availability and condition of various features of up to three homes in a side-by-side comparison. To PRINT this page, hit control-P.
